Interactive Kiosk

Available in 32", 42" & 46"

Dust proof and water resistant, using the latest large format Capacitive touch technology, the Kiosk touchscreen has been specifically designed for public or retail applications.

Ideal for retail environments...

Superior Touch Technology

Utilising projected capacitive touch technology, the latest in large format touch technology and boasting 10 point multi-touch, the Interactive Kiosk provides new levels of precision.

Beauty in Strength

Splash and dust proof with an edge-to-edge glass design, toughened anti-glare glass and a commercial grade LED display, the Interactive Kiosk is built robust, creating the ideal solution for public areas and table top applications.

All New Sizes

Interactive Kiosks are available in a full range of sizes from 32" to 46" to suit a multitude of retail and kiosk applications. Flexible mounting options ensure Kiosk Touchscreens can easily be built into custom furniture.

Versatile

Both Mac and Windows compatible, there is no need to install drivers or calibrate the screen. Simply connect to a laptop or PC and begin interacting immediately.
